LOCAL MATTERS.

The Perrigo Case-Further Correspondence.

There is still great interest manifested in the case of Oscar E. Perrigo, the alleged trigomist, who was Thursday sent on to the grand jury of the Hustings Court for trial. As the record stands, Perrigo is charged with having married Sarah E. Salvester, in Boston, on the 24th of May. E. Sylvester, in Boston, on the 24th of May, 1869; Isabelia C. Flagg, in the same city, on the 4th of November, 1875; and Jessie Gann, of this city, on the 11th of December, 1878. It is alleged that after his first marriage he moved to Illinois, where he parted with his first wife. He returned to Boston, where he Beet and married his second. They parted on the 24th of October, 1877. He then came to Richmond, where he is alleged to have made his latest matrimenial venture with Miss Gann, whose father had him arrested on the charges specified. Mrs. Gaffn, his latest mother-in-law, having reason to suspect that Perrigo had been previously married, and having obtained a clew to the former wives, wrote to Mrs. Flagg, and in reply received the following letters, not before pub-
